TECHNICAL DATA:

THE ASSURANCE OF QUALITY FROM STIEBEL ELTRON

THE NEW CK RANGE OF FAN ASSISTED SPACE HEATERS PROVIDE WARMTH BOTH QUICKLY AND EFFICIENTLY.

Living comfort and safety have pride of place with the fan heaters from Stiebel Eltron. The CK range provides warmth both quickly and efficiently, and can be installed in almost any room to create the desired climate. Our fan heaters comply with Australian Standard. The CKZ 20 has a 24 hour quartz time switch, allowing the owner to set heating times in advance.

The CK heaters come equipped with an integral thermostat, which can be set between 5°C – 30°C, that switches off the unit once desired temperature has been achieved, then continually maintains the temperature for as long as required. The heater comes ready assembled, to be plugged into the power point for instant warmth. It features protection against overheating with an in-built thermal cut-out.

Type	CKZ 20 S	CK 20 S
Colour	White	White
Connectable Load	2.0Kw/230-240V	2.0Kw/230-240V
Amps	9	9
