# TECHNICAL DATA:

THE ASSURANCE OF QUALITY FROM STIEBEL ELTRON

Stiebel Eltron's new slimline panel heaters are easy to use, safe and controllable. The controls are clearly visible and simple to operate and the whole range includes integral thermostats.

The thermal cut-out, spray-proof housing, solid tubular elements and double insulation are just a few examples of Stiebel Eltron's assurance of quality.

The variable thermostat also incorporates an integral frost protection setting. The heater has an all-metal case and also complies with the new European safety standards.

Type	CNS 100	CNS 150	CNS 200	CNS 250
Product Code	073215	073217	073219	073220
Loading (kW)	1.0	1.5	2.0	2.4
Amps	5	7	9	10
Connectable Load	1/N-50Hz 240V	1/N-50Hz 240V	1/N-50Hz 240V	1/N-50Hz 240V
Dimensions^ (WxHxD)	440 x 450 x 80	590 x 450 x 80	740 x 450 x 80	890 x 450 x 80
Weight (kg)	4.2	5.6	7	8.4
Colour	White	White	White	White
Protection	IP23 (Spraywater-protection)			
Protective Class	Class II (Totally insulated)			

Other sizes available on request. ^(100 mounted)mm

## At a glance:

- ✓ For domestic or commercial use. Easy to install and operate
- ✓ Slimline metal housing. Frost protection setting
- ✓ Tubular elements made from quality stainless steel with aluminium louvers
- ✓ Variable thermostat with the option of restricting the temperature range
- ✓ Incorporates a thermal safety cut-out to prevent overheating
- ✓ Spraywater-Protection in accordance with IP 23 and double insulated (Class II)
- ✓ Silent operation, heat evenly distributed by natural air circulation
- ✓ With cable (1m) and fitted plug
