

HAND DRYERS

Designed for the future the new HTE 4 & HTE 5 electronic hand dryers

The advantages of the new STIEBEL ELTRON HTE 4 and HTE 5 electronic hand dryers are easy to see. Hand drying time is quick, and the noise level pleasantly low. An electronic, infra-red proximity switch provides touch free operation, making the unit both hygienic and energy efficient. The designs of the HTE 4 and HTE 5 are both innovative and functional.

The rounded casing and closeness to the wall prevents objects, such as cigarettes and paper, being left on the unit. The units are easily installed and will provide a maintenance free, economical operation. Intelligent electronics ensures that the units cannot run continuously, even if the sensor is permanently covered.

Technical Data - Hand Dryers

Type	HTE 4 electronic	HTE 5 electronic
Colour	White	White
Connection	1/N / PE~220~240 V	1/N / PE~220~240 V
Loading	1850 W	1850 W
Dimensions HxWxD	mm 250 x 238 x 230	266 x 257 x 230
Weight	kg 2,5	3,4
Protection Category	IP 23↓ (drip-water-proof)	IP 23 (splash-proof)
Decibel Rating	54 dB	54 dB
Test Symbols	CE / VDE / ÖVE / SEV / CEBEC / KEMA / EZU / PCBC
