

# Multiple Award Winner!

CRAIG STEERE ARCHITECTS  
architecture+interiors

We are pleased to announce that following on from being awarded the 2010 Australian Institute of Architects (WA) Residential Architecture Award, the Redgate Beach House designed by Craig Steere Architects and constructed by Denis Poor Building Services has just won three major awards at the Housing Industry Association awards including Best Custom Built Home valued \$1.25M+, Custom Built Home of the Year, and the major prize of South West Home of the Year 2010. The Housing Industry Association (HIA) awards recognise excellence in design and construction and the project now qualifies for entry into the National HIA Awards plus the National Architecture Awards.
